Benefits of YOHHLNet membership

- **Better quality Library and Knowledge Services (LKS)** through the ongoing sharing of best practice across the region and a shared strategic outlook facilitated by networking events, regional mailing lists and above all the expertise and enthusiasm of all staff across the region
- **Enhanced access to quality resources** through collaborative purchasing, for example topping up the OUP e-handbook collection, and joining up with services in LIHNN and HLN, e.g. MA Healthcare Offer
- **Increased sector and cross-sector engagement** through access to professional updates and sector communications, opportunities for joined up events with LIHNN and HLN, e.g. Mental Health Group
- **More engaged staff** through the sharing of information with peers and strengthening of networks, including special interest groups and communities of practice
- **Improved staff skills** enabled through a wide range of free at the point of access specialist CPD opportunities including training courses, online development, coaching, mentoring and access to a free staff library book collection.
- **Professional development of all staff** by providing support for professional development including funding attendance at conference, opportunities for cross-service coaching and mentoring and encouragement of presenting and writing for publication opportunities

(With thanks to LIHNN and CILIP)

Name Janet Sampson
Title Knowledge, Library & Information Services Manager
Employer Doncaster and Bassetlaw Hospitals NHS Foundation Trust

Biography
 I started my career with Doncaster Libraries at their Central Library as a library assistant and then supervisor and then finally as Assistant Reference Librarian in the Reference, Business and Local History Stores at the Central Library. Still employed by Doncaster Libraries, I moved to my first post of Assistant Nursing Librarian at Doncaster Royal Infirmary (DRI) when there was a Nursing Unit attached to the School of Nursing. I then held a variety of positions in the service at DRI until I moved into my current post of Knowledge, Library & Info Services Manager at Doncaster & Bassetlaw Hospitals NHS Foundation Trust (DBHFT) in 2010. We continue to be employed by Doncaster HBC, delivering service provision for the Trust through an SLA. As well as managing the NHS Library provision for DBHFT, we also provide services to the mental health/learning disability, community, primary care and out-patients. Through the partnership between the Trust and Council, we also deliver recreational and health information library services to staff and patients at 11 sites. This includes a ward trolley service to patients across three different hospital sites.
