| 3 | Matters Arising: <br> LIHNN Committee: AC is providing updates to LIHNN as requested. SG suggested the same report should go to YohhlNet and HLN to reinforce connections. AC will copy SG and ER into his reports to be forwarded. <br> Thank you to James Ryan and Samantha Gavaghan who have stepped down, for their contribution to the Northern Lights editorial committee. <br> Northern Lights going forward: No feedback from AC's email to the Northern Region explaining that we would drop the editorial and upload articles to the blog as they were received. <br> Editorial rota: New members will get an opportunity to shadow before they have responsibility for an issue. There will be a backup person which will ensure the "shadower" is supernumerary. <br> AC to send out word versions of Northern Lights documentation to the group, with comments on what might need to change. <br> AC \& SG to meet prior to December to ensure a smooth handover. <br> Monthly meetings - AC to arrange the next meeting for October | AC <br> AC <br> AC \& SG <br> AC |
