YOHHLNET CHRISTMAS STUDY DAY

Northern Lights

Sarah Gardner

On behalf of
Northern Lights Editorial Group

A workshop at the Spring Thing event in May 2019 kicked off a brilliant year for YoHHLNet submissions to the Northern Lights blog.

23 YoHHLNet authored articles during 2019/2020 (three people wrote two, and two people did three!)

YoHHLNet representation on the Northern Lights Editorial Group is now at full strength with three people from our region, following an appeal at the Christmas Study Day

Editor role is now very practical and hands on, responsible for writing the quarterly newsletter editorial pieces (on a rota), responding to authors and uploading articles to <https://www.lksnorth.nhs.uk/blog/>
