Knowledge for Healthcare

An ambitious vision:
NHS bodies, their staff, learners, patients and the public use the right knowledge and evidence, at the right time, in the right place, enabling high quality decision-making, learning, research and innovation to achieve excellent healthcare and health improvement.

So what about 2030?

Healthcare library and knowledge services are a powerhouse for education, lifelong learning, research and evidence-based practice.

Our ambition is to extend this role so that healthcare knowledge services become business-critical instruments of informed decisions making and innovation.
