

CPD Annual Report 2016/17

#YOHHLNET

Background

CPD priorities informed by:

- 2015 LQAF results: impact, delivery standards, marketing, tailoring services
- Y&H section of Development Needs Analysis 2015: KM, social media, demonstrating value
- National priorities such as the need for summarising and synthesising training, health information for the public

CPD Community of Practice

- Inaugural teleconference 28th April 2016
- Aim: Optimise opportunities for continuing professional development for LKS staff in Y&H
- Membership: currently 8 members with representation from a range of job roles and NHS organisations including CCGs, mental health, acute trusts, primary care, public health, hospice, HCLU representation.

Pilot – Action Learning Sets for LKS	Oct 16 – Jan 17	4

#YOHHLNET

Feedback: what will you do differently ?

"It made me think about how I develop my team and made me reflect on how I manage talented members of the team."

"I will revisit how we collate impact, review our marketing plan and look at our service standards again"

"I will start to use Canva for creating postcards I can tweet with information about the library service. I will also redesign our registration form so that people have the option to give us their twitter username if they would like to use the direct messaging facility to contact us"

"I've set up my own Twitter account and I intend to try and use it! I hope to build up my confidence and be more active on the work account."

"I will be more inclined to ask for assistance/help from a colleague in another hospital library especially one that I might have met at the meeting."

"Will talk to colleagues in local Trusts about further collaborative projects"

"I have identified 2 or 3 initiatives that we can try as a Trust. Will also share the ideas across local network."

"Start using Refreshed Impact Toolkit straight away"

"I also appreciated the group as a whole and valued their input into different issues that were outside of the Action Learning Set agenda, the actual advice was gratefully received and it was a lovely group to share that time with. Quality time for discussion is very valuable and I don't get chance to have that time as I don't work in a service with peers."

Other activities

- HLG 2016 bursaries
- Sponsorship offered for conferences and courses
- CPD book collection

Looking forward

- 2017/18 events planned
 - Marketing Masterclass 12th May
 - Paraprofessional Study Day (#2) 17th May
 - Managing outreach in Health Libraries 21st June
 - Mobilising Evidence and Organisational Knowledge 20th June (NW), 30th June (Y&H)
- DNA 2017 Y&H priorities: literature searching, cataloguing and classification, critical appraisal, strategic planning, business & financial management, KM, emerging technologies

Any questions?
