

# NHS Digital

Evidence, Knowledge and  
Research services

Caroline Storer  
Knowledge Manager

# A changing technological landscape

**85%**  
adults have  
a **smartphone**

More than  
**1 in 10**  
people have a  
**fitness band**

**65%**  
Smartphone owners  
use apps that employ  
**machine learning**

# The empowered patient

Personalised  
information

Tools to  
manage care

Apps and  
wearables

More ways to  
communicate

# Our vision

To harness the power of information and technology **to make health and care better**

# NHS Digital - five key areas of activity

## Objectives

Better health and patient outcome

Better care and patient experience

Better value and affordability

**Empower**  
the person

**Support**  
the clinician

**Integrate**  
services

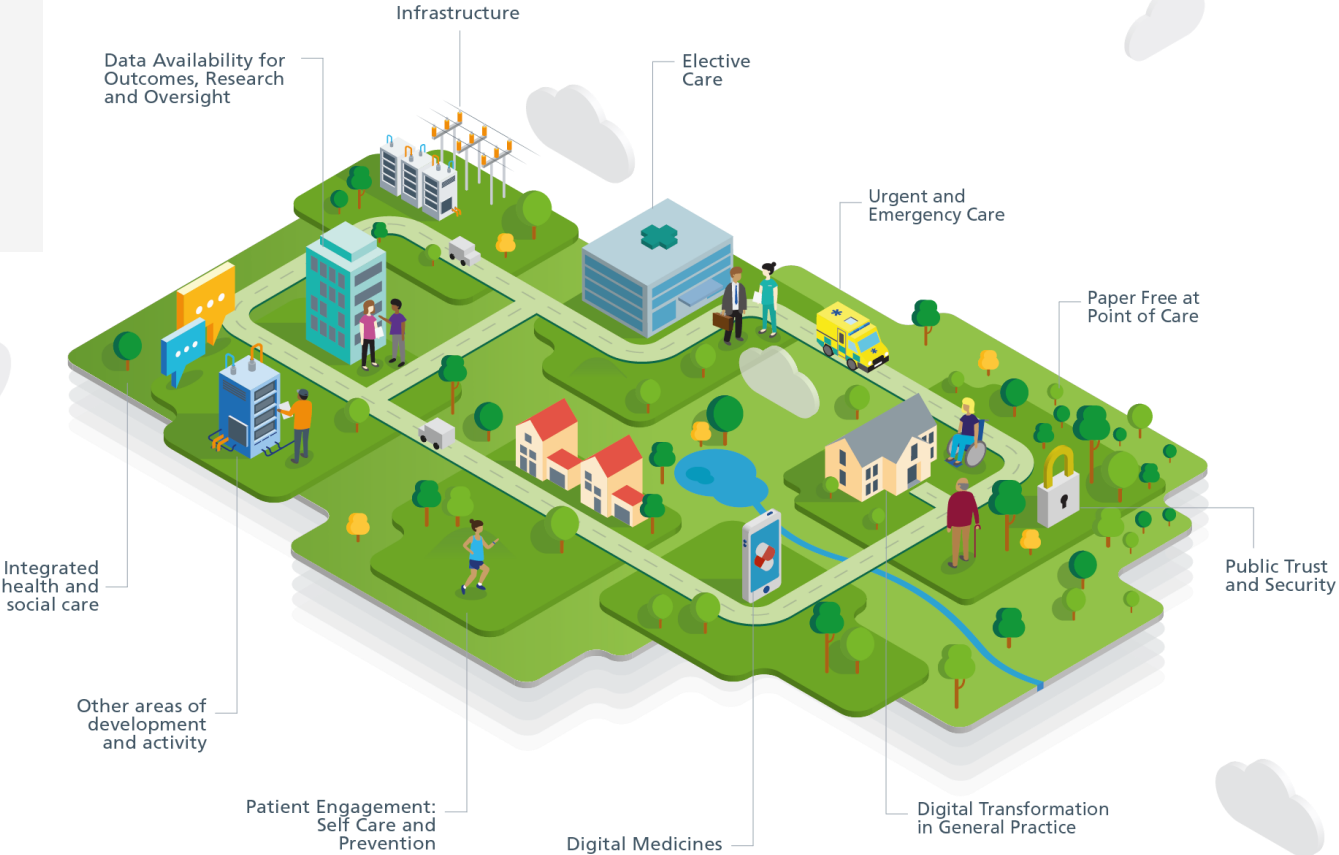

**Manage**  
the system  
effectively

**Create**  
the future

Infrastructure

**A digital transformation that touches on everything we do in health and care.**

# Information and technology for better health and care

**45,000**  
patients daily  
use our e-Referral service

Secondary Uses Service  
enables payments for

**£30bn**

worth of NHS services  
every year

more than

**1.3M**

items a day

are prescribed using  
the Electronic Prescription Service

NHS Choices  
receives

**11M**

visits  
per week

# Information and technology for better health and care

The Spine  
handles about  
**2,000**  
messages  
per second

Every  
**5 seconds**  
a clinician accesses a  
Summary Care Record

**1.3 million**  
secure email accounts  
across health and care

**1,200**  
peer reviewed research papers  
relied on our data in 2015

# Data Standards Assurance Service

information standards

data collections

Average development times in months

Data Collections

Information Standards

# Data Standards Assurance Service publications

**73** standards and collections published, including:

Emergency Care Data Set

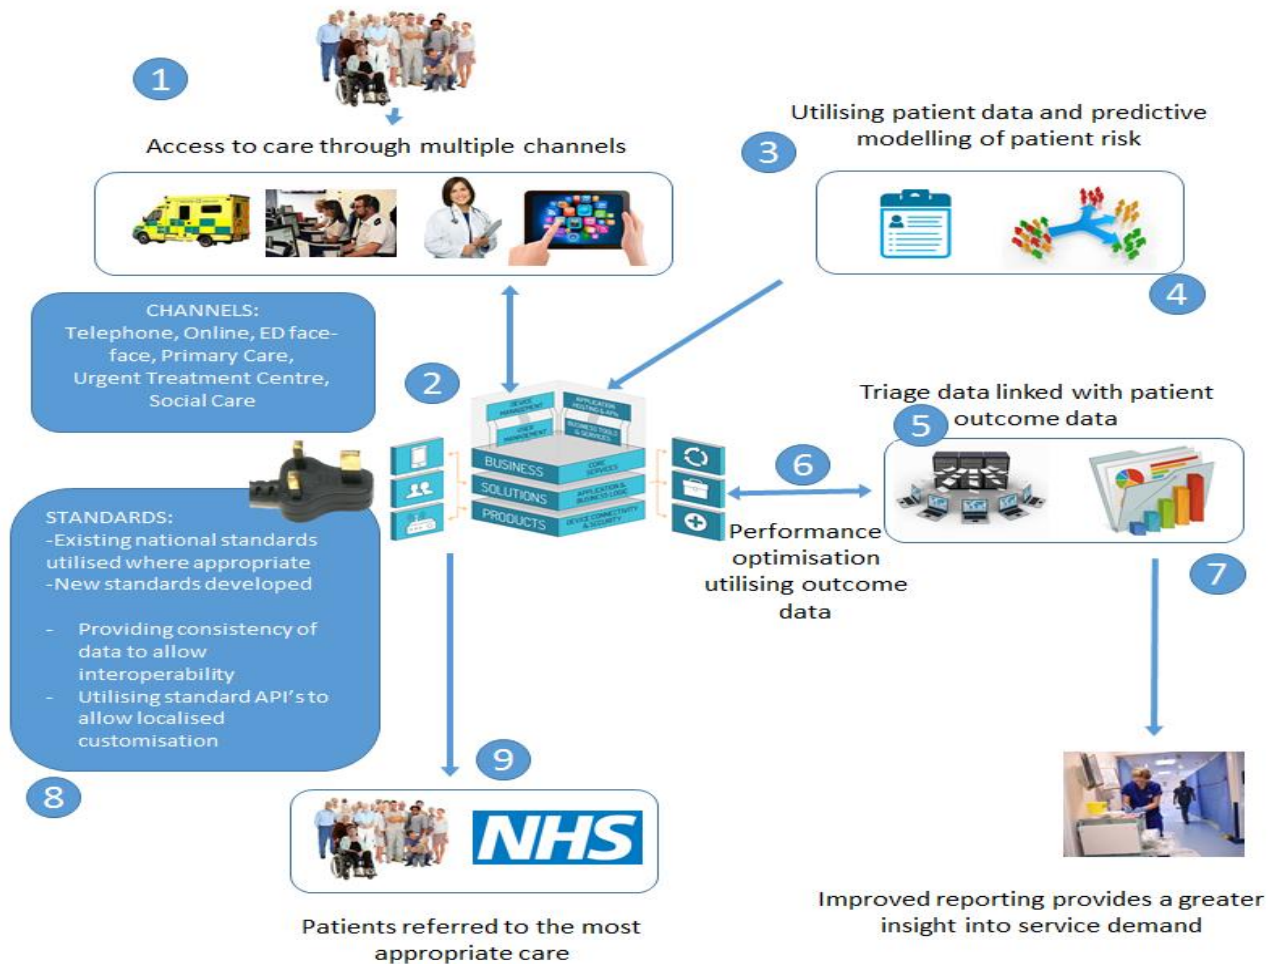

Sexual Orientation Monitoring standard

Secure Email standard

# Clinical Triage Platform

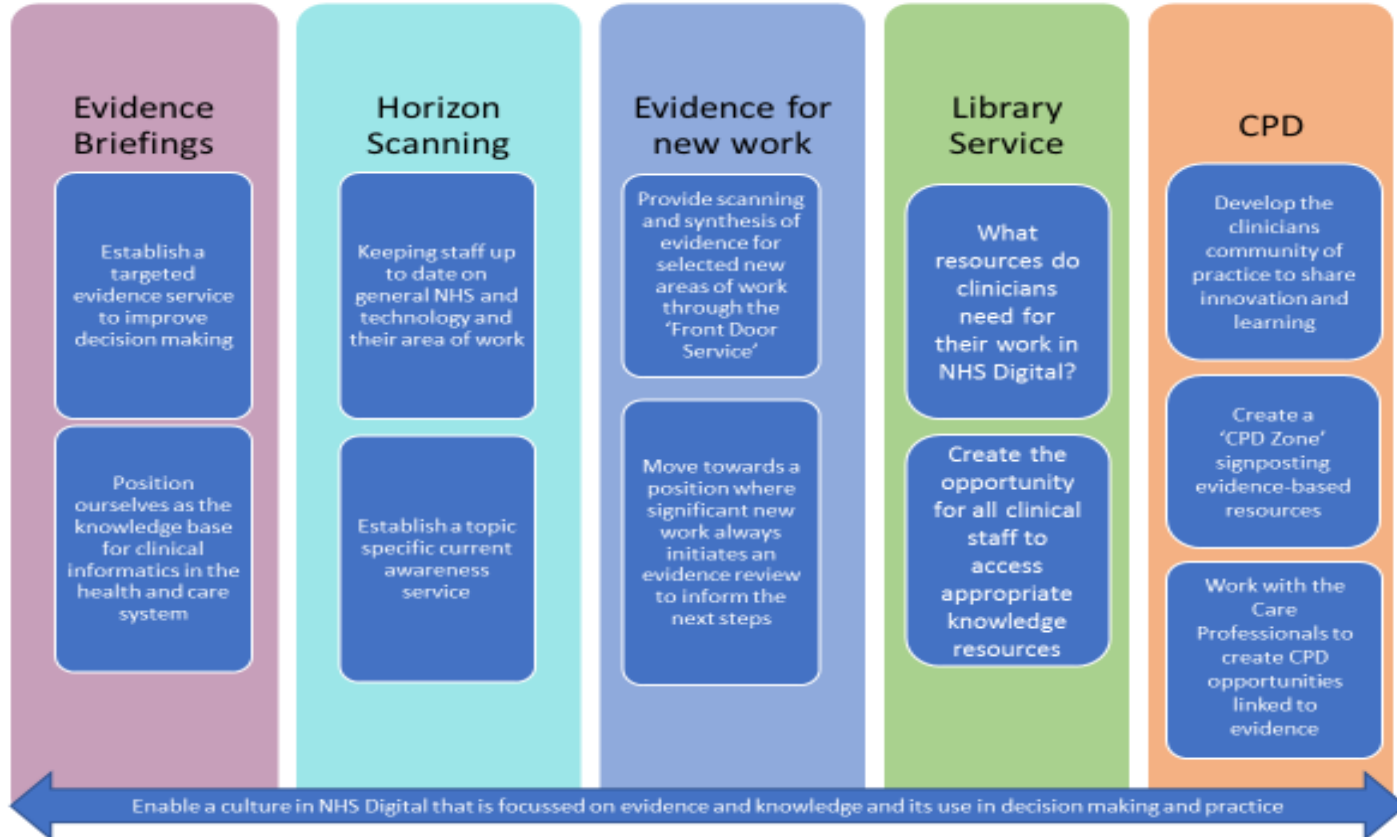

# NHS Digital Evidence and Knowledge Service

# Evidence and Knowledge Service One Page Plan

## NHS Digital Evidence and Knowledge Service

## Horizon Scanning

Digital Horizon  
Bulletin  
10 issues a year

Focus on technology,  
data, digital literacy,  
AI and cyber security

## CPD

Signposting to  
events and learning

CPD events – critical  
appraisal, KM

## Library Service

How to guides  
JAMIA and Health  
Informatics Journal

# Horizon Scanning

“there is some incredibly rich content in here about the wider health and care system”

“Really great. Thank you.  
this is so useful I would like to share with my practice and my professional network.”

“can I share this?  
RCGP hq and members of my practice and CCG teams would find this useful.”

“This is a truly brilliant compilation of a round up of everything that is current and relevant. ”

“Thank you! So much great education. ”

## Evidence briefings

Produce external evidence briefings to inform decision making

Advisory group established

## Evidence for new work

Evidence reviews undertaken:

Cyber security  
Home v office working  
Digital nurses

## Knowledge Management

Knowledge Advent Calendar

KM CPD Event

Knowvember

Clinical Informatics CoP

# Knowledge Management

“I loved the advent calendar it is a really good Clinical Governance tool”

“I wish I’d seen some of this stuff before! There’s some stuff that could help clinicians work better within teams and across domains. It has already been identified that we need to connect more to learn and share knowledge.”

# Sharing Knowledge in NHS Digital
