# 01

## **INCREASE COLLABORATION AND PROFILE**

Library services and Research & Innovation are peripheral departments often seeking the same audiences.

# 02

## **CREATE A REUSABLE SET OF RESOURCES**

We were doing the hard work, so it made sense to share our outputs with others to make their task easier.

# 03

## **DEVELOP A RELATIONSHIP WITH A SPECIFIC STAFF GROUP**

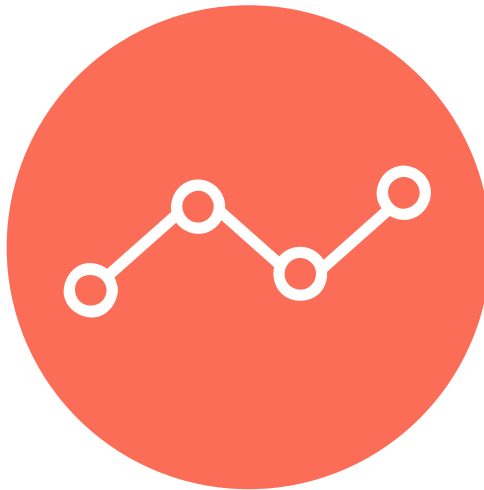

By focusing on radiographers, we could get to know them over a period of time and make long-term connections.

# THE PROJECT

## SURVEY

What do radiographers want and when do they want it?

## ILSES

Information Literacy Self Efficacy Scale

## SESSIONS

Developed and delivered six sessions

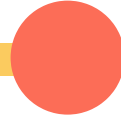

23

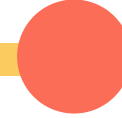

Radiography staff completed the ILSES scale

14

Radiography staff attended at least one session

44

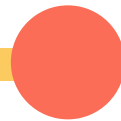

Average increase in ILSES score

1

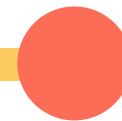

Radiographer went on to take up a Clinical Academic Trainee Post

4

Conferences attended

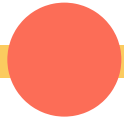

12

Curly Wurlies eaten

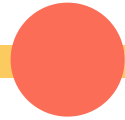

28

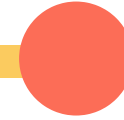

Radiotherapy staff attended at least one session

17

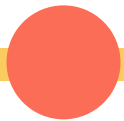

People attended Intro to Critical Appraisal

4

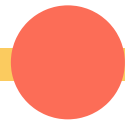

People filled out our impact / evaluation survey

1

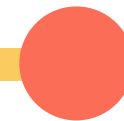

Radiotherapist started a study group to prepare a trial to run within the department

1

Partner in crime ran away to do a PhD

12

# WHERE NOW?

- Moving on to another group?
- Writing it up
- Supporting others to start the process in their organisations
- Motivating others to undertake research

# KEY ELEMENTS FOR SUCCESS

- Find a partner in crime
- Don't reinvent the wheel
- Tailor, tailor, tailor
- It's not about the numbers
- Share your success (or failure)
- Plan your evaluation and dissemination before you begin

# THANK YOU

for your time!

ANY QUESTIONS?
