Newsletter Creation and Management

Welcome to the latest edition of the Leeds Public Health Resource Centre newsletter, which contains information for anyone with a responsibility for, or professional interest in, public health or promoting health and wellbeing in Leeds.

Contents in this month's newsletter:

Public health campaigns

- The public health resource webpage promotes campaigns and want to know more about sessions.
- We provide a repository for anyone to access past, current and upcoming campaigns on our webpage
- We collaborate with Public Health (PH) specialists who provide content for the webpage including relevant leaflets and posters we stock.

Model Photography Setup

Spreading the message online.

The screenshot shows a social media management dashboard with a dark blue sidebar on the left containing various icons for navigation. The main content area is divided into two columns. The left column is titled 'Your drafts' and 'Manage all drafts', showing two draft posts. The first draft is about 'diabetes prevention' with a '2 Draft' status and a 'Draft' label. The second draft is about 'childhood immunisations' with a 'PHRCLeeds' profile picture and a 'Draft' label. The right column is titled 'Social accounts' and 'Manage accounts', showing a list of connected social media accounts: PHRC Leeds (LinkedIn), PHRCLeeds (Twitter), phrcleeds (Instagram), Public Health Resource Centre (Facebook), and phrcleeds (TikTok). A 'Create a post' button is located at the top right, and an 'Add a social account' button is at the bottom right of the social accounts list.

Any Questions?
